

Wall

facciate continue
curtain walls

Serie di profili per la costruzione di facciate continue di grande attualità, per le più svariate applicazioni. Sistemi a copertina, strutturali e semistrutturali, per coperture e pareti inclinate. L'inserimento nell'habitat urbano delle facciate continue costituisce oggi un "plus" dell'architettura moderna.

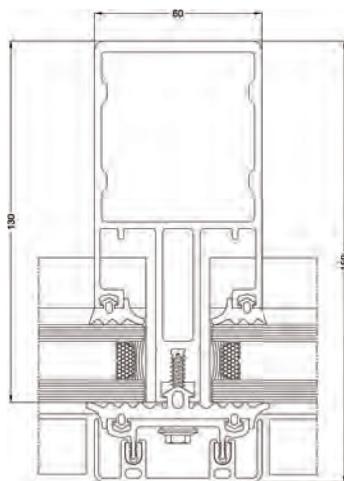

Series of profiles allowing to build modern curtain walls, for different applications. Capped, structural and semi-structural curtain walls, coverings and inclined walls. The curtain walls insertion in the urban habitat is today a "plus" of the modern architecture.

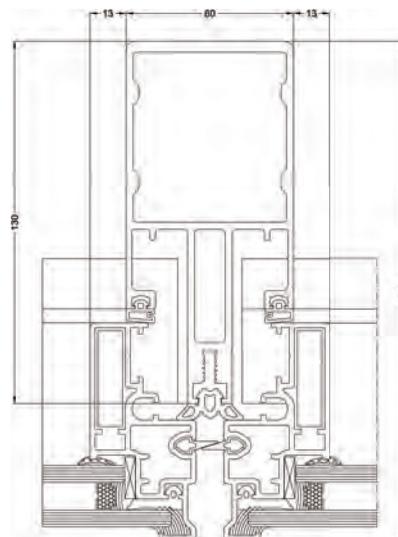

Caratteristiche tecniche *Technical characteristics*

Technical characteristics

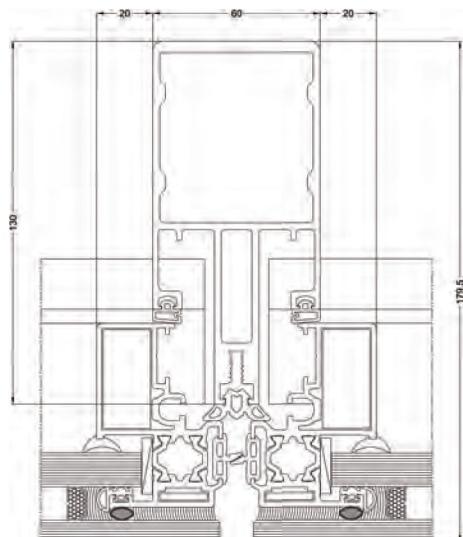

Profondità montante	70/96/128 mm
<i>Mullion depth</i>
